

## StratMos in Moscow

This week StratMos participated at the General meeting for the “Partnership of the Northern Sea Route Users” in Moscow. Harald Sørensen from the Norwegian Barents Secretariat represented NSR-member Rogaland County and made a report of the StratMos-Lead partners activities last year in North West Russia. He also summarized the findings in the Northern Maritime Corridor project and also presented a possible upcoming project called “Logistic Hubs in the High North”

The event took place in Sovcomflots main office in Moscow and gathered members from Saint Petersburg, Arkhangelsk, Nenets, Yamal-Nenets, Yakutia and Moscow. Also companies from Sweden, Finland and Norway were present at the meeting.

The Partnership of the Northern Sea Route Usages is a non commercial organization gathering more than 40 companies and organizations working to improve and increase the effectiveness of Northern Sea Route Usages. They coordinate the partner members activities, among other things assist in trade navigation and solving property, economic, technical, legal and Arctic environment protection problems . The NSR president is the well known Arthur Chilingarov, who know represents the Arkhangelsk Regional Duma in the Partnership.
