

# EMBRACING INNOVATION AND TECHNOLOGY ROADSHOW

Newcastle College in association with TU Delft and SEMTA, would like to invite you to hear from experts in the field of innovative maintenance, including bonding and composites, over a networking lunch.

**Join us on Wednesday 22nd February 2012**

at Newcastle College Aviation Academy (Newcastle Airport) to hear how leading companies in innovative maintenance, bonding and composites are adapting and developing new techniques to meet current challenges in industry.

With guest speakers from this specialist field this is your opportunity to learn from industry experts, share best practice and network with industrial partners.

**Event registration:** 11.00am

**Event close:** 2.30pm

**Location:** Newcastle College Aviation Academy (Newcastle Airport)

**Register your place**

Spaces are limited so to ensure you don't miss out simply register your place at [www.newcastlecollege.co.uk/innovation](http://www.newcastlecollege.co.uk/innovation)
