

WORKSHOPS AND STAKEHOLDER SESSIONS

DAY 1-2

DAY 1 – WEDNESDAY 25 JUNE Workshops

There is no separate registration for the workshops on day one.

ABOUT THE NORTH SEA REGION PROGRAMME WORKSHOPS

The workshops on day one are focused on explaining and discussing the framework of the 2014-2020 North Sea Region Programme. The sessions will take outset in the themes of the NSR Programme and address both content and finance related issues, and the types of projects foreseen in the coming period.

ABOUT THE NORTH SEA COMMISSION AND CPMR WORKSHOPS

North Sea Commission for beginners: This session is primarily intended for those delegates who are not actively involved in the work of the North Sea Commission, but who would like a better understanding of what the NSC stands for, its organisational structure, main achievements and visions.

The North Sea Commission and the CPMR: What is the North Sea Commission's relationship with the CPMR (Conference of Peripheral Maritime Region)? How is the CPMR organised and how can the NSC benefit from membership of the CPMR?

Futufish: chances for innovation and sea food along North Sea coastlines?
To focus on sustainable technical innovation in fisheries and sea food as a catalyst for regional growth.
Municipality de Marne / Port of Hanstholm, Eelco Last

15:50-16:10

All Ashore ®
Boat tourism is more than just sailing; leisure ports are a meeting place water & land, accessible for all users
Swedish Maritime Technical Forum (SMTF)

WORKSHOPS AND STAKEHOLDER SESSIONS

DAY 2

ROOM 4 (CROMBIE B)

13:50-14:10

Optimising dune safety
Dunes protect against erosion. What is the most effective way to protect the dunes by using offshore sand nourishment?
Danish Coastal Authority

14:20-14:40

Regional Boost through Digitalisation – More than an Agenda
Explore, co-ordinate and push the joint digital infrastructure roll-out through new financing instruments in a competitive Interreg setting.
atene KOM GmbH

14:50-15:10

future - Enabling Energy Transition
In The North Sea Region
future develops a transnational roadmap of sustainable energy transition in the North Sea Region based on regionally-embedded innovation partnerships.
Carl von Ossietzky University, Oldenburg

15:20-15:40

Healthy Rural Areas: towards regional transition and new alliances
Healthy lifestyle and regional transition are needed to ensure a long term guarantee of life quality for everybody
FARO Advies

15:50-16:10

Building on Experience to deliver sustainability in future projects
Institute for Sustainability: Experienced NSRP partner offering an overview of opportunities delivering sustainability in Eco-Innovation and Green Transport and Mobility
Institute for Sustainability

ROOM 9

13:50-14:10

Low Carbon Economy, Green Infrastructure Innovation and Resource Efficiency
SYFP has instigated transnational urban, peri-urban and rural economic/social regeneration via diversifying land use; revitalising derelict land; and improving landscapes. Join us for Interreg VB.
South Yorkshire Forest Partnership

14:20-14:40

North Sea Marine Planning Exchange
The development of a coordinated and coherent marine planning data exchange vehicle for the North Sea.
University of Aberdeen

14:50-15:10

PROWAD Protect and Prosper – Taking It to the Next Level
Sustainable Tourism Strategy in the Wadden Sea World Heritage Destination: a framework and vision of a sustainable region, at multiple scales; in which ways has the World Heritage Status
Common Wadden Sea Secretariat

ROOM 9

15:20-15:40

Involving industry, especially SME's in Interreg; a challenge worthwhile!
Industry as SME's are of vital importance to achieve economic growth and employability. How can we involve them in Interreg projects.
Evers + Manders

15:50-16:10

Living Labs NSR (North Sea Region)
Strengthening rural regions as living labs with focus on the region as a real-life test area for user-driven open innovation.
ANNO

ROOM 10

13:50-14:10

Maritime Spatial planning as a topic for co-operation in NSRP 2014-2020
Maritime Spatial Planning as a framework for cooperation and tool for blue growth.
German Federal Ministry for Transport and Digital Infrastructure

14:20-14:40

Quadruple Helix Innovation in the North Sea Region
Innovation through best practice: Using and developing a Quadruple Helix model for innovation, developed in the Interreg IVB North Sea Region Programme.
Värmland County Administrative Board

14:50-15:10

AquaCulture for the future
We want a project collaboration on the development of biological solutions on natural solutions to handle waste.
Rogaland County, Ryfylke iks

15:20-15:40

Lively lake "Zuidlaardermeer"
Several stakeholders are working on improving the water quality and water retention possibilities of a lake by innovative measures.
Water board Hunze en Aa's (Netherlands)

15:50-16:10

RESPONSE : Regional Sustainable Ports Network and Strategies for Europe
Transnational cooperation between regional ports, involving one platform to address jointly economic and operational challenges to develop low-carbon and sustainable multi-modal logistic tools, so that hinterland economies and port economies are better integrated and connected in times of severe budget cuts.
AG Port Oostende

ROOM 18

13:50-14:10

Ongoing Evaluation of the NSR Programme 2007-2013
The Ongoing Evaluation of the NSRP 2007-2013 – main findings with focus on private partner integration
DSN - Connecting Knowledge

ROOM 18

14:20-14:40

The 2014-2020 Ex-Ante Evaluation, part 1, TBC
Secretariat

14:50-15:10

The 2014-2020 Ex-Ante Evaluation, part 2, TBC
Secretariat

15:20-15:40

To be confirmed.

15:50-16:10

To be confirmed.

BOARD ROOM

13:50-16:10

North Sea Grid
- connectivity through working together
This workshop will look at the possibilities of creating a North Sea Framework for co-operation where stakeholders can define the impacts both positive and negative of a North Sea Grid.
The North Sea Commission

THE NORTH SEA Conference 2014

25 – 27 June 2014
Aberdeen City and Shire,
Scotland / UK
