

SHORT TERM CONTRACT – EVENT VIDEO PRODUCTION

Invitation to submit quotation

Published 12 February 2010

INVITATION TO SUBMIT QUOTATION

The North Sea Region Programme 2007-2013 is inviting you to submit a quotation for a short term contract regarding the production of a number of videos / news reels including video diaries for the Programme at the Annual Conference on 16-17 June 2010.

The costing should be as detailed as possible given the information available, with a break down of the different parts of the quotation. You are free to make suggestions and improvements other than what is stated in the specification. If so, the costing and added value should be included.

Interested agents are advised to read this document in detail before drafting and submitting a quotation.

CONTENT OF QUOTATION

The quotation should at least contain the following:

- **News reel / video** – The cost for providing two news reels / videos from the event with interviews of key speakers, footage from the event and ongoing sessions at the conference, clips from the video diary (below), each edited to a approximately five minute long news reel / video which will be aired in the evening at the dinners.

Important notice:

The production implies that the contract agent has significant experience in editing and finalising materials in a news oriented fashion on location, working towards very tight deadlines. The editing will be similar to broadcast news editing in style and timelines, implying ongoing editing during the day and that the team consists of at least two to three people.

- **Intro Sequence** – A template style intro sequence finalised before end of May.
- **Video Diary** – The setup of a video diary area / room / booth for participants to comment and reflect on the event, including all relevant technical equipment.
- **All inclusive** – All hardware and software including relevant equipment, licensing, materials and supplies should be included in the costing, the Secretariat will not provide any of the above or accept to pay any such items on behalf of the contract agent.

- **Travel included** – The costing should include travel for all contracted personnel (employees and subcontracted if relevant) to the venue including return travels. The costing should cover two full working days for the team (16-17 June), and set-up of equipment and relevant testing beforehand.
- **Editing** – Final editing and finalising of videos and if relevant other related materials for publication on the Programme website.
- **Additional work** – The costing for any work outside of the contract, should the need arise, specified per hour.

Please Note

Accommodation in Stavanger (arrive 15 June, depart 18 June), Norway, for the team will be provided by the Programme, including breakfast and dinners for the two main evenings (16-17 June). All other meals, extras and allowances are to be included in the quotation.

Secretariat staff will be assisting in finding relevant stakeholders and participants to interview and guide the work towards covering all relevant aspects of the event.

KEY FEATURES OF GRAPHICAL DESIGN OF THE PROGRAMME

- **Graphical Identity and logo** – The Programme has a well branded profile and is recognised as a strong Programme in communications among stakeholders, all designs made should take this into consideration. Logos and other relevant materials needed for an intro sequence will be provided.

PRACTICALITIES

References and examples of work

In addition to the specification under the headline Content of quotation, at least two relevant and up to date references including examples of work (preferably digital, website address included) should be supplied.

The references and work examples need to confirm the work experience and competences stated in the quotation.

Assessment criteria

All submitted quotations will be assessed according to relevance, fulfilment of formal criteria, overall cost and submitted examples of work including references. The winning bid will show a competitive costing in relation to quality and creative level of submitted work examples, whilst meeting the formal criteria.

Quotations must be submitted in one complete set of print documents and one complete set of electronic documents.

All quotations submitted before 12 March 2010 will be assessed. Quotations which do not meet the formal criteria may be exempt from the assessment.
